DURUM WHEAT FIELD SELECTION

A

TOTAL PLANTED ACRES

0050

1. How many acres of durum wheat did this operation plant for the 2012 crop year?

[If no acres planted, review Screening Survey Information Form, make notes, then go to item 4 on back page.]

2. I will follow a simple procedure to make a random selection from the durum wheat fields planted for the 2012 crop.

TOTAL NUMBER OF FIELDS PLANTED

0020

What is the TOTAL number of durum wheat fields that were planted on this operation?

[If only one field, enter "1" and go to item 5.]

3. Please list these fields according to identifying name/number or describe each field. Then I will tell you which field has been selected.

[If there are more than 18 fields, make sure item 2 is TOTAL fields planted and list only the 18 fields closest to the operator's permanent residence. If respondent is unable to identify or describe the fields, use the Field Selection Grid Supplement.]
