The grain stocks estimates in this report are based on surveys conducted during the first two weeks of March. Data provided by Oklahoma and Texas producers, as well as licensed grain storage facilities, are the foundation of the estimates made for the Southern Plains region. Separate surveys are conducted to obtain the on-farm and off-farm estimates. We would like to thank everyone who responded to the survey. Results from the next quarterly survey will be available on June 28, 2024.
